Fire Opal Gem Elixir

Fire Opal releases blockages in our energy pathways to allow more Earth energy to rise up into the body and into all of the chakras. It then helps the body learn to hold on to this additional energy rather than making it available for immediate use, so reserves can be built up. This essence helps us move from, "I have energy", to "I am energy" and facilitates long term recovery from illness or overwork.

Customer Testimonial

Fireweed Combo

JP, Channel Islands UK, 2000

I am currently taking *Fireweed Combo*. I have, in the last few months been gripped by the intense transformation in my life. At times I have felt confused and lost, to say the least. A loving friend, who has used your flower essences for the last year, recommended *Fireweed Combo* for me. After taking the *Fireweed Combo* for just a few days I felt an inner sense of calm, a trusting that the process I am undergoing is true for me and that everything is as it should be. I also trusted to just flow with the transformation as it takes its course. It is hard to put into words exactly how I feel, it's more a knowing that everything is going to be okay! *Fireweed Combo* has given me much courage to face things in my life that were halting the transformation process, and for that I again thank you!
